### Contact:

reedon.green@gmail.com

## Technical rider

**Time required for load-in/setup:** 30-60 minutes depending on the available backline at the venue;

**Time required for soundcheck:** 30-45 minutes;

**Time required for breaking down/load out:** 30-45 minutes;

Dinner is preferably to be served at least 2 hours before start of show.

### Technical crew:

The venue needs to provide a sound technician.

Light technician is optional.

**REEDON  
GREEN**

**Technical facilities:**

For comfort, we prefer the size of the performance area to be atleast 5 metres wide, 4 metres deep.

**Sound:**

The house P.A. and mixer is to be used. We need a minimum of 17 channels on the mixerboard.

**Light:**

No light specifications required.

# Hospitality rider

**Dressing room:**

We expect to be provided with a backstage area for storage of cases and personal belongings, aswell as an area to get dressed and relax before the show.

**Merchandise:**

After the performance the band will be selling various articles. If there are costs associated with the selling of merchandise we would like to be informed of these costs before the performance. If nothing is heard we assume we are free to sell our merchandise.

**Dietary requirements:**

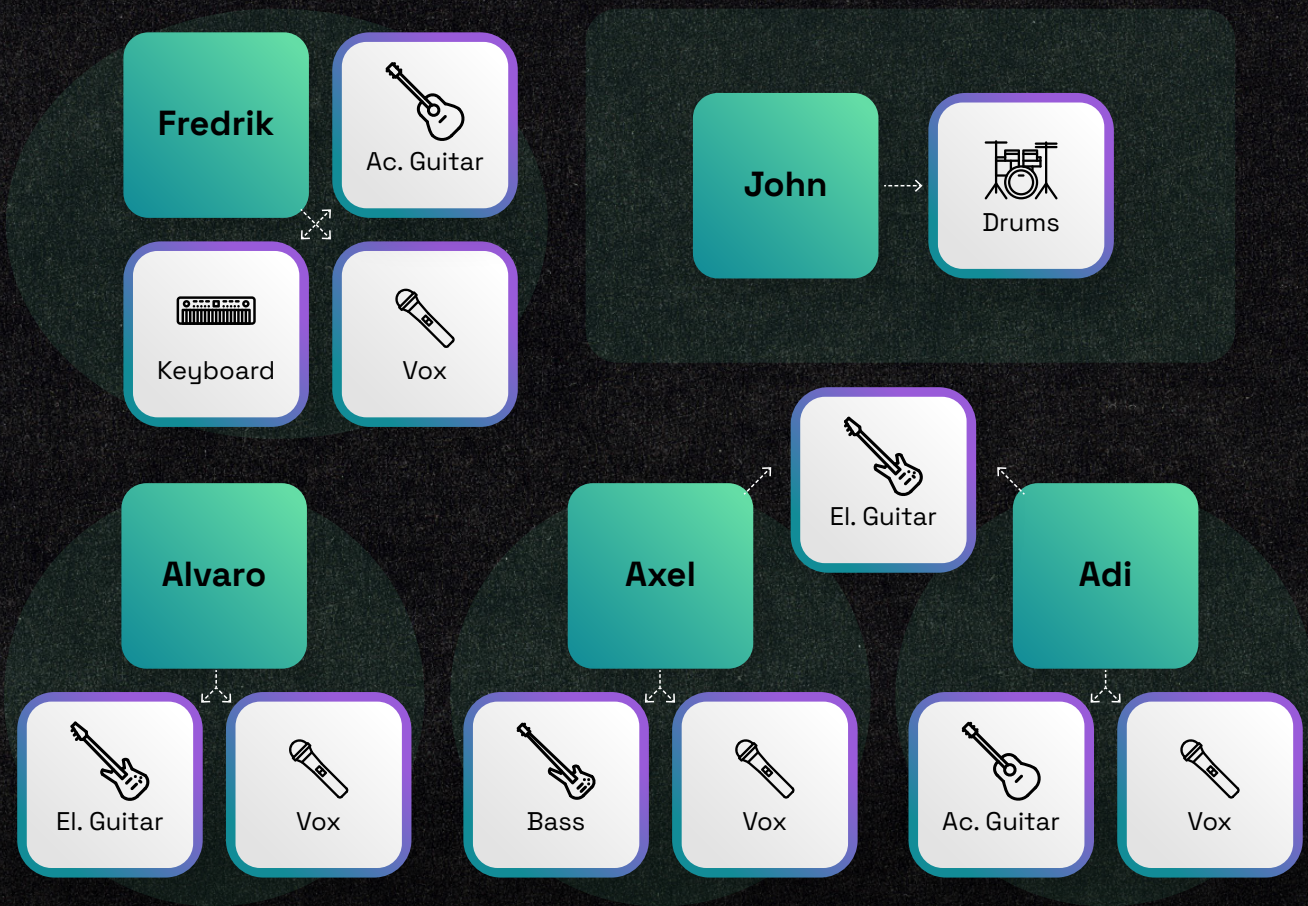

One member of the group is vegan.  
No allergies.
